

# STEAM<sup>2</sup> ACADEMY

## *Coding Camp: Web Development*

**July 9-13 or July 16-21 ~ 9am-12pm ~ Ages 10+ ~ \$280**

*Carmel Valley Community Center  
3777 Townsgate, San Diego, 92130*

*~ Website Design and Development ~  
~ Storyboards ~ HTML ~ CSS ~*

Design and build an awesome website for your club, family/friends, sports group, hobby, or anything you can think of! Find out how the Internet works as well as primary concepts and terms related to web development. Then, design a storyboard and build a fully functional website using CSS for styling and HTML for content. Prior to her role as “Miss Kim” with Hopscotch and STEAM2 Academy, Kim Bruch taught HTML classes for many years via local community colleges; she is excited to share her web development skills with her local community! Campers should bring a laptop, flash drive, and healthy snack.

*Online registration is available on May 12 at  
<http://sdreconnect.com>.*
